MemoVue at your wedding, on us.

A disposable camera on every guest's phone, sealed until the reveal. Yours free for one post and one story.

Try it as a guest

How it works

01

Scan

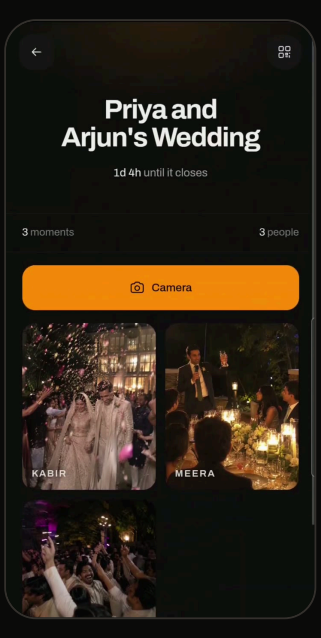

One QR. No app, no sign-up.

02

Shoot

Every photo sealed, even from its taker.

03

Reveal

The whole album opens at once.

Why not just a shared folder?

SHARED FOLDER	MEMOVUE
~~Chasing guests for uploads~~	**Photos arrive as they're taken**
~~Sign in, find the link, upload~~	**Scan a QR. That's it.**
~~A folder that trickles in~~	**One reveal, all at once**
